Article history

KBPublisher keeps a history of all changes you make to the content of an article. You can view earlier versions and compare them against the current version to see what has changed and you can roll back to earlier versions

By default, version control is turned on, and set to store unlimited number of revisions.

To turn off version control

- Click on **Settings** menu
- Choose the **Admin** tab
- Set the **maximum number of revisions** to 0

To change the maximum number of versions stored

- Click on **Settings** menu
- Choose the **Admin** tab
- Set the **maximum number of revisions** to the number of versions you want retain, use All to keep unlimited number of revisions.

To view or recognize if an article has prior versions

- Click on the **Articles** menu
- Choose the **Articles** tab
- Find the article in the list
- Click [...] icon on the right, select History from drop down menu.

Tip

- Only changes to content are stored. If you modify the category or title, or update metadata, this is not stored in the version history.

This functionality works in version 4.0 and above
