

# Customising page layouts

---

Page Design settings allows you to customize page layouts for home and download pages. You can move blocks, resize blocks, and add custom blocks to create your preferred layout.

To set up your own page layouts go to **Settings -> Public Area -> Page Design** tab and click the page you want to update.

## Updating Page Layout

- To move a block, drag from the middle of the block.
- To resize a block, drag from the border of the block.
- To add a new block to the existing layout, click [+] on the right. In the popup, click on the block and it will be added to the layout.
- To remove a block from the layout, click ✕ on the right in the block.
- To cancel your changes, click **Reset**.
- To reset the layout to its default state, click **Set Defaults**.
- Page Header and Menu blocks cannot be moved, resized, or removed from the page layout.

## Update Block

- To update a block's properties, click  on the right in the block. Depending on the block, properties can include the title, number of items, or custom content.

## Custom Blocks

- Custom blocks allow you to include any content. For example, you could include ads or announcements.
- To add a custom block:
  - Click [+] on the right.
  - Click **Add a custom block**.
  - Add content, and then click **Save**.
  - Click on the block and it will be added to the layout.
- *Title* is optional for custom blocks.
