

## Incoming email - Stop Evaluating Tasks

---

Mail stops applying rules to a message when it encounters the Stop Evaluating Tasks action.

Tasks ordering and 'Stop Evaluating Tasks' actually serve a purpose when you're working with complex tasks. For example, let's say you want to skip all tasks for auto-generated emails.

You need to create a "Stop Evaluating Tasks" task to make this happen.

In the below example "Create news" never triggered if email is auto-generated email.

### Active automations
