

What are categories?

Categories control where information is displayed, how it is displayed and who can see it.

The screenshot shows the KBPublisher website interface. At the top, there is a blue header with the logo 'KBPublisher', a search icon, and a 'Sign in' button. Below the header is a navigation bar with buttons for 'Knowledgebase', 'News', 'Downloads', 'Ask a Question', and an ellipsis menu. The main content area is divided into two columns. The left column contains a 'Knowledgebase' menu with a red box highlighting the 'Categories' section, which includes links for 'FAQ', 'User Manual', 'Subscriptions', 'Getting started', 'KBPublisher Tour', 'Installing', 'Glossary', 'FAQ', and 'Policies and processes'. The right column features a 'KB Home' section, a 'News' section with a 'KB Publisher release 7.0 Release Notes' article dated '24 Mar, 2019', and a 'Featured Articles' section with two articles: 'System Requirements' and 'How to Create Article', both dated '06 Jul, 2019'.

They control the menu display (sometimes known as the table of contents) on the left hand side of the screen.

Categories for articles and files are controlled separately.
